

## **Workshop on Outcome Based Education (OBE) at Department of Computer Science and Engineering, AUST**

The department of Computer Science and Engineering, AUST organized an interactive workshop on the 27<sup>th</sup> November, 2019 (Wednesday) at the conference room of the CSE department from 2:00 PM to 4:30 PM. This workshop was focused on the implementation of Outcome Based Education (OBE) in the departmental academic activities. The workshop was conducted by Dr. Mohammad Shafiul Alam, Professor, Dept. of CSE, AUST and was chaired by the head of the dept. Prof. Dr. Kazi A. Kalpoma. The faculty members have decided to prepare course outline, course specification and the routine with consultation hours of the teachers before the commencement of the upcoming semester. They have also decided to start preparing all the course related documents following the prescribed format from the Board of Accreditations of Engineering and Technical Education (BAETE), Bangladesh. Dr. Shafiul elaborate the terms and procedures to prepare a number of course related documents including the course outline, course specification of theory and lab courses as well as the standard procedure to conduct project and thesis works of the final year students. The program was successfully ended by the appreciation from all the faculty members for such a wonderfully interactive session and note of thanks from the head of CSE dept. Prof. Dr. Kazi A. Kalpoma.
